Jaipur, India | +91 8058007341 | subodh.sharma964@gmail.com | linkedin.com/in/subodhsaraswat

PROFESSIONAL SUMMARY

Senior Frontend and Salesforce UI Engineer with 12+ years of experience delivering enterprise SaaS applications, responsive web interfaces, and reusable UI systems. Skilled in JavaScript, Angular, React, Lightning Web Components (LWC), Salesforce Experience Cloud, and Lightning Design System (SLDS). Combines frontend engineering with UX expertise to turn complex product workflows into accessible, production-ready experiences. Well-versed in AI-driven development using Cursor, OpenAI Codex, and Claude for coding, prototyping, debugging, and iterative delivery.

TECHNICAL SKILLS

Frontend Engineering: JavaScript, Angular, React, HTML5, CSS3, SCSS, Bootstrap, Responsive Web Design, Component-Based UI Architecture

Salesforce Development: Lightning Web Components (LWC), Aura Components, Experience Cloud, Salesforce Lightning Design System (SLDS), Portal UI

AI-Driven Development: Cursor, OpenAI Codex, Anthropic Claude, AI-Assisted Coding, Code Refactoring, Debugging, Rapid Prototyping

UX and Design: Figma, Design Systems, UX Engineering, Wireframing, Prototyping, User Journeys, Usability, Accessibility (WCAG)

Tools and Collaboration: Git, Jira, Copado, Adobe XD, Photoshop, Cross-Functional Product Development

PROFESSIONAL EXPERIENCE

Copado Inc. - Senior UX/UI Designer | Oct 2022 - Present

- Lead frontend and UX engineering for Salesforce-native DevOps and enterprise SaaS workflows, translating complex requirements into intuitive, responsive product interfaces.
- Build reusable Lightning Web Components and scalable UI patterns aligned with Salesforce Lightning Design System standards.
- Contribute to AI-enabled product experiences and frontend interaction patterns across Copado workflows.
- Collaborate with product managers, designers, and engineers to translate Figma concepts and business needs into maintainable, production-ready interfaces.
- Apply AI-assisted development tools, including Cursor, OpenAI Codex, and Claude, to support implementation, code refinement, and debugging.

Wipro Ltd. - UI/UX Consultant | Apr 2021 - Oct 2022

- Delivered enterprise Salesforce UI solutions for clients including Honda, InMobi, and Telefonica.
- Developed Lightning Web Components for dashboards, operational workflows, and responsive business applications.
- Applied UX research and usability practices to simplify interfaces and improve user workflows.

Pratham Software - Senior UX/UI Designer | May 2016 - Apr 2021

- Designed enterprise dashboards, customer portals, and responsive web applications for international clients.
- Created reusable UI systems and translated product requirements into implementation-ready designs.
